<b>Job Description</b>	

### Job Description Summary

The Auburn University ([www.auburn.edu](http://www.auburn.edu)) College of Agriculture's Department of Poultry Science is seeking candidates for the position of **Assistant Research Professor of bioinformatics**. This faculty position is a full-time, twelve-month, non-tenure track research appointment renewable annually contingent upon satisfactory performance and funding. Full-time positions are eligible for benefits, including health insurance.

**Responsibilities:** The successful candidate will be responsible for developing a bioinformatics program focused on analyzing metagenomics, transcriptomics, proteomics, or metabolomics data related to intestinal health of poultry. In addition, the successful candidate will mentor poultry science graduate and undergraduate students and produce scholarship through recognized peer-reviewed

outlets, secure extramural funding to support his/her research program from external sources such as USDA-NIFA, NSF and other related federal sponsors, and from relevant industries in Alabama and across the country.

### Minimum Qualifications

Minimum qualifications are an earned Ph.D. from an accredited institution in bioinformatics, computational biology, poultry science, animal science, or closely related disciplines at the time employment begins. Candidates should demonstrate research experience using a multi-omics systems biology approach and documented evidence of the ability to conduct research and ability to work with faculty and students across multiple disciplines. The candidate must possess excellent interpersonal communication, and organizational skills. The incumbent must meet eligibility requirements for work in the United States at the time the appointment is scheduled to begin and continue working legally for the term of employment.

### Desired Qualifications

Experience with avian biology is desired. Demonstrated record of securing extramural funding and documented experience mentoring undergraduate and graduate students in research is desired.

### Special Instructions to Applicants

Applicants must apply for this position by visiting the link:

<https://www.auemployment.com/postings/41460> and attach the following:

1. Cover letter that addresses the applicant's experience pertinent to the position responsibilities
2. Current curriculum vita
3. Copies of all academic transcripts
4. Statement of research philosophy and plan
5. Diversity statement
