Job Description	

Job Description

The Department of Integrative Agriculture seeks to fill a position at the level of Assistant/Associate Professor with teaching and research responsibilities in the area of Aquaponics (Aquaculture and Hydroponics). The successful candidate must develop a competitive and internationally visible research program in Aquaculture and Hydroponics. The individual will manage, expand, and advance aquaponic systems in the college and apply cutting edge developments for establishing a state-of-the-art facility for research, education and training. The candidate will develop and teach graduate and undergraduate courses, mentor M.S. and Ph.D. students, and maintain high level of research

productivity.

Minimum Qualification

Applicants must have a PhD in aquaculture, aquaponics, hydroponics or allied areas.

Preferred Qualification

Postdoctoral experience is desirable and industrial experience in aquaponics production is preferred. A proven track record of research as evident from extramural research funding and impactful publications is essential. Experience in graduate mentoring and undergraduate teaching is expected.

Expected Skills

Capability to develop model systems for industry and small- scale farmers is desirable. Experience in technology transfer and extension activities will be an added advantage.

Special Instructions to Applicant

Please submit a detailed Curriculum Vitae and names and contact information of 3-4 references.

Salary Range

UAEU offers tax-free salary, housing, health benefits, education allowance for children, and air tickets for the family once a year.
