including peer reviewed Extension publications

- Work with UTIA faculty, including multi-disciplinary teams, county Extension agents, area Extension specialists and other UT personnel
- Use traditional and innovative tools to educate a diverse audience including county Extension agents, area Extension specialists, state and federal agencies, state industry and producer groups
- Mentor and supervise graduate and undergraduate students
- Provide leadership to state level 4-H programs as appropriate
- Participate in the service activities of the Department, Institute, University, and profession

Qualifications: Ph.D. in Agricultural Economics or closely related field. The successful candidate will have excellent research, teaching, communication and quantitative skills and a willingness to work in multi-disciplinary teams. In-depth knowledge and understanding of the nursery and greenhouse industry are desired.

Salary: Competitive and commensurate with qualifications and experience.

Application: Screening of applicants will begin October 31, 2019 and continue until a suitable candidate is identified. To apply, send a current curriculum vita, a letter describing your interest in the position and your qualifications, and official transcripts to the address below. Arrange for three letters of reference to be mailed or e-mailed directly to:
