Job Description

We seek to hire a post-doctoral social science researcher as part of our National Science Foundation -- funded project on social and ecological impacts of digital agricultural innovation:

<https://sites.coecis.cornell.edu/farmnetworkingimpact/>. The project is a collaboration between the Department of Natural Resources and Environment and the College of Computer and Information Science at Cornell University. This is a one-year full time research position that is renewable for a second year based on meeting mutually agreed-upon objectives.

Position Type: Postdoctoral

Post-Doctoral Associate of Social and Ecological Impacts
of Digital Agriculture
