Job Description

The College of Agriculture seeks candidates for a Lab Tech position to provide technical support and services at the Soil, Forage & Water Testing Lab in support of research, projects, services, and/or instruction.

The Soil, Forage and Water Testing Lab at Auburn University serves the farming communities of Alabama through testing and analysis of a variety of agricultural materials, including soil, water, plant tissue, poultry litter, forages and feeds. This research testing laboratory also serves the citizens of Alabama by providing routine testing, commercial testing, and analysis of soil and tissue samples from lawns and gardens, as well as water from households, wells and other water resources.

About Auburn: At Auburn, our work changes lives. Ranked by U.S. News and World Report as a premier public institution, Auburn University is dedicated to shaping the future of the people of Alabama, the nation, and the world through forward-thinking education, life-enhancing research, scholarship, and selfless service. Auburn is nationally recognized for its commitment to academic
