Job Description

The Department of Entomology and Plant Pathology at Auburn University is seeking a highly motivated researcher to perform aphid identification as part of a regional research collaboration aimed at understanding the seasonal dynamics of aphid species that infest cotton. The overarching goals of this project is to understand variation in the abundance, distribution, and timing of infestations into cotton across the cotton belt.

Support for the position is available for 2 years, with additional support beyond year 2 contingent on funding.

About Auburn: Auburn was named by Forbes Magazine as one of the state of Alabama's best employers, with employees staying an average of ten years! Learn more about Auburn's impact, generous employee benefits, and thriving community by visiting aub.ie/working-for-auburn.

It's a Lifestyle: The Auburn/Opelika area is a page right out of Southern Living magazine with an
