<b>Job Description</b>	

### Job Description

The Department of Integrative Agriculture seeks to fill a position at the level of Assistant/Associate Professor with teaching and research responsibilities in the area of Aquaponics (Aquaculture and Hydroponics). The successful candidate must develop a competitive and internationally visible research program in Aquaculture and Hydroponics. The individual will manage, expand, and advance aquaponic systems in the college and apply cutting edge developments for establishing a state-of-the-art facility for research, education and training. The candidate will develop and teach graduate and undergraduate courses, mentor M.S. and Ph.D. students, and maintain high level of research

productivity.

### **Minimum Qualification**

Applicants must have a PhD in aquaculture, aquaponics, hydroponics or allied areas.

### **Preferred Qualification**

Postdoctoral experience is desirable and industrial experience in aquaponics production is preferred. A proven track record of research as evident from extramural research funding and impactful publications is essential. Experience in graduate mentoring and undergraduate teaching is expected.

### **Expected Skills**

Capability to develop model systems for industry and small- scale farmers is desirable. Experience in technology transfer and extension activities will be an added advantage.

### **Special Instructions to Applicant**

Please submit a detailed Curriculum Vitae and names and contact information of 3-4 references.

### **Salary Range**

UAEU offers tax-free salary, housing, health benefits, education allowance for children, and air tickets for the family once a year.

### **Contact Information**

Please reference Academickeys in your cover letter when applying for or inquiring about this job announcement.
