Responsibilities: The successful candidate will be expected to develop and maintain an impactful research program with a focus using molecular genetic tools to address issues related to the cotton industry. Project areas could include, but not limited to, concerns associated with host plant resistance, abiotic stress tolerance, fiber quality, yield components, genetic diversity, and intellectual property protection. However, a strong emphasis in the program is expected to be related to disease resistance. Advising graduate students, grantsmanship, and novel research are expectations of this position. The person in this role will actively publish and disseminate their findings in public forums and in high-quality refereed journals. They are expected to actively collaborate with other projects within and outside of Auburn University.

Minimum Qualifications

Minimum qualifications include a Ph.D. in Plant Breeding, Molecular Genetics or a similarly related field at the time employment begins. The successful candidate must possess excellent written and interpersonal skills to effectively interact with broad audiences. The successful candidate must meet eligibility requirements to work in the United States at the time the appointment is scheduled to begin and to continue working legally for the term of employment.

Desired Qualifications

Post-doc experience, experience with development and execution of regional and federal grant-funded projects.

Special Instructions to Applicants

Applicants must apply for the position by visiting the link:

<https://www.auemployment.com/postings/48847> and attach the following:

1. Cover letter that addresses the experience pertinent to the responsibilities of the position
2. Current curriculum vita
3. Copies of ALL academic transcripts
4. Statement of research

When prompted during the on-line process, please provide names, email addresses and phone numbers for three (3) professional references. Only complete applications materials will be considered. To ensure consideration for the position, applicants are encouraged to apply by the end of business on December 5, 2024. The search may continue until the position is filled. Questions about this position should be directed to: Dr. Jenny Koebernick, Search Committee Chair, email: jenny.koebernick@auburn.edu.
