Professor in »Transformative Landscape Governance«

W2 Tenure Track Assistant Professor (with tenure track to W3) or W3 Associate Professor; to begin as soon as possible.

Scientific Environment

The professorship will be assigned to the TUM School of Life Sciences. A second affiliation with the TUM School of Social Sciences and Technology is desired.

Responsibilities

The responsibilities include research and teaching as well as the promotion of early-career scientists. We seek to appoint an expert in the research area of Transformative Landscape Governance with a focus on planning of landscapes and innovative land-use systems from a socio-ecological perspective, effective strategies for transformative governance of rural and urban landscapes as well as evidence-based approaches for the assessment of nature-based solutions and multi-functional green infrastructure. Teaching responsibilities include courses in the university's bachelor and master programs, such as in the programs Forest Science and Resource Management, Landscape Architecture and Landscape Planning, Ecological Engineering, Nature Conservation and Landscape Planning, Sustainable Resource Management, as well as Responsibility in Science, Engineering and Technology.

Qualifications

We are looking for candidates who have demonstrated excellent achievements in research and teaching in an internationally recognized scientific environment, relative to the relevant career level (please see www.tum.de/en/faculty-recruiting-faq/ for further information).

A university degree and an outstanding doctoral degree or equivalent scientific qualification, as well as pedagogical aptitude, are prerequisites. Substantial research experience abroad is expected. Full commitment to interdisciplinary research is expected.

Our Offer

Based on the best international standards and transparent performance criteria, TUM offers a merit-

based academic career path for tenure track faculty from Assistant Professor through a permanent position as Associate Professor, and on to Full Professor. The regulations of the TUM Faculty Recruitment and Career System apply.

TUM provides excellent working conditions in a lively scientific community, embedded in the vibrant research environment of the Greater Munich Area. The TUM environment is multicultural, with English serving as a common interface for scientific interaction. TUM offers attractive and performance-based salary conditions and social benefits. The TUM Munich Dual Career Office (MDCO) provides tailored career consulting to the partners of newly appointed professors. The MDCO assists the relocation and integration of new professors, their partners, and accompanying family members.

Your Application

TUM is an equal opportunity employer and explicitly encourages applications from women. The position is suitable for disabled persons. Disabled applicants will be given preference in case of generally equivalent suitability, aptitude, and professional performance. Application documents should be submitted in accordance with TUM's application guidelines for professors. These guidelines and detailed information about the TUM Faculty Recruitment and Career System are available at www.tum.de/faculty-recruiting. Here you will also find TUM's information on collecting and processing personal data as part of the application process.

Please submit your application by **28February 2025** via the TUM recruitment portal: www.recruit.tum.de.
