**Position Description:** The research associate position will support and engage in ongoing research activities at the Louisiana State University AgCenter, focusing on wood durability research and testing technology.

**Qualification Requirements:**B.S. or M.S. in Forestry, Material Science, or a closely related discipline, experience of working with wood durability testing, evidence of quantitative skills and experience in technical writing, proven ability to work in a multi-disciplinary team.

Preference will be given to candidates with demonstrated skills in the field of wood durability analysis with field testing experience. Note the successful candidate will be housed in the School of Renewable Natural Resources (this position is not eligible for remote work) at Louisiana State University.

LSU and the AgCenter are dedicated to fostering an environment where our employees feel appreciated for their skills and individual qualifications. If a candidate does not meet the minimum qualifications listed but has other qualifications or substantial experience related to the key responsibilities, we encourage them to apply (La RS 42:36).

Salary and Benefits: Salary will be commensurate with education and experience. The LSU AgCenter has an attractive benefits package with a wide variety of benefit options. Current benefits offered include retirement, multiple medical insurance options, supplemental insurances (dental, life, long-term disability, accident, vision, long-term care, etc.), Tax Saver Flexible Benefits Plan (saves tax dollars on some child care and medical expenses), university holidays (14 per year, typically includes a week off at Christmas), generous annual (vacation) and sick leave benefits, Employee Assistance Program, and possible educational leave and tuition exemption for coursework at campuses of the LSU System. Specific benefits depend on job category, percent effort and length of employment.
