<b>Job Description</b>	

**Job Summary**

***This is a two year limited term position and is funded from external sources. Continuation of employment is contingent upon availability of funds.***

The individual in this position will support a multi-state grant project focused on breeding for intercropping systems. The person is expected to take a leadership role in a project involving Oat-Pea intercropping. In addition, he/she will be expected to pursue independent avenues of research and may develop their own projects, within the scope of the lab's mission.

**Essential Functions**
