Job Description	

POSITION VACANCY ANNOUNCEMENT

Work Location: The position will be primarily located in the School of Plant, Environmental and Soil Sciences (SPESS), LSU AgCenter, Baton Rouge, Louisiana.

Position Description: The Louisiana State University Agricultural Center is inviting applications for the position of Research Associate of Weed Science in the School of Plant, Environmental and Soil Sciences. This is a full-time, 12-month grant-funded position with an annual appointment based on availability of funding and satisfactory work performance.

Candidates are sought with the knowledge and expertise to support a research program that advances integrated weed management and incorporates state-of-the art weed management technologies focused on rice. The candidate must communicate with commodity and agricultural industry partners to identify, develop, and implement critical research projects. Collaboration with other AgCenter weed science research and extension faculty is expected.

Qualification Requirements: A B.S. or M.S. in Weed Science or other closely related field of study is required. Good interpersonal skills and leadership abilities are required for working effectively with diverse professional and public audiences and cooperators. The candidate must be able to communicate effectively (orally and in writing) with diverse audiences including scientific peers, clientele, and agribusiness representatives. Assistance with the development of extension and scholarly articles and educational publications is expected.

The ability to multi-task and work in a team environment with research, teaching, and extension faculty representing other disciplines is critical.

Salary and Benefits: Salary will be commensurate with education and experience. The LSU AgCenter has an attractive benefits package with a wide variety of benefit options. Current benefits offered include retirement, multiple medical insurance options, supplemental insurances (dental, life, long term disability, accident, vision, long-term care, etc.), Tax Saver Flexible Benefits Plan (saves tax dollars on some child care and medical expenses), university holidays (14 per year, typically includes a week off at Christmas), generous annual (vacation) and sick leave benefits, Employee Assistance Program, and possible educational leave and tuition exemption for coursework at campuses of the LSU System. Specific benefits depend on job category, percent effort and length of employment.

Date Available: Upon completion of the selection process.
