Posted Feb. 6, 2024, set to expire Nov. 9, 2024

### **Qualification Requirements:**

- Ph.D. in Material Science, Polymer Chemistry, or closely related discipline.
- Experience of working with cellulose nanomaterial and coatings
- Evidence of quantitative skills and experience in technical writing
- Proven ability to work in a multi-disciplinary team

Preference will be given to candidates with demonstrated skills in the field of natural polymers and cellulose nanomaterials and their applications composites and coatings. Note the successful candidate will be housed in the School of Renewable Natural Resources (this position is not eligible for remote work) at Louisiana State University.

**Salary and Benefits:** Salary will be commensurate with qualifications and experience. The LSU AgCenter has an attractive benefits package with a wide variety of benefit options, including retirement, multiple medical insurance options, supplemental insurances (dental, life, long-term disability, accident, vision, long-term care, etc.), Tax Saver Flexible Benefits Plan (saves tax dollars on some child care and medical expenses), university holidays (14 per year, typically includes a week off at Christmas), generous annual (vacation) and sick leave benefits, Employee Assistance Program, and possible educational leave and tuition exemption for coursework at campuses of the LSU System. Specific benefits depend on job category, percent effort and length of employment.

**Date Available:** Upon completions of the interview process

**Application Deadline:** February 20, 2024 or until suitable candidate is located.
