Integrative Agriculture, and contribute to related curriculum development and delivery. Working place will be the UAEU Al Maqam Campus in Al Ain, as well as its agricultural experimental stations in Al Foah and Fallaj Hazaa. The Department of Integrative Agriculture offers a supportive and highly interdisciplinary working environment. Research projects and educational programs benefit from its well established research facilities, and strong ties that are maintained with stakeholders from the agricultural industry, international academic institutions and related public bodies. Qualified candidates will be considered at a rank commensurate with academic accomplishments. Candidates are expected to have a strong commitment to teaching excellence and student advising at the undergraduate and graduate levels, a demonstrable research capability that will enable the candidate to develop and sustain an internally and/or externally funded research program in his/her area of expertise, publish his/her research findings in refereed journals, and actively engage in promoting the growth of the UAE University.

### **Minimum Qualification**

Applicants must have an earned doctorate in the applicable field. The ability to teach undergraduate courses is a must. Industrial and professional experience is a plus.

### **Preferred Qualification**

Well documented research record in the concerned field

### **Special Instructions to Applicant**

Please submit a detailed Curriculum Vitae and names and contact information of 3-4 references.

### **Salary Range**

UAEU offers tax-free salary, housing, health benefits, education allowance for children, and air tickets for the family once a year.

### **Contact Information**

Please reference Academickeys in your cover letter when applying for or inquiring about this job announcement.
